Literature, Gender, and the Trauma of Partition Debali Mookerjee-Leonard, 2017-04-07 Partition occurring simultaneously with British decolonization of the Indian subcontinent led to the formation of independent India and Pakistan. While the political and communal aspects of the Partition have received some attention, its enormous personal and psychological costs have been mostly glossed over, particularly when it comes to the splitting of Bengal. The memory of this historical ordeal has been preserved in literary archives, and these archives are still being excavated. This book examines neglected narratives of the Partition of India in 1947 to study the traces left by this foundational trauma on the national- and regional-cultural imaginaries in India, Pakistan, and Bangladesh. To arrive at a more complex understanding of how Partition experiences of violence, migration, and displacement shaped postcolonial societies and subjectivities in South Asia, the author analyses, through novels and short stories, multiple cartographies of disorientation and anxiety in the post-Partition period. The book illuminates how contingencies of political geography cut across personal and collective histories, and how these intersections are variously marked and mediated by literature. Examining works composed in Bengali and other South Asian languages, this book seeks to broaden and complicate existing conceptions of what constitutes the Partition literary archive. A valuable addition to the growing field of Partition studies, this book will be of interest to scholars of South Asian history, gender studies, and literature.

Narrative synopses are first presented, and the opinions of his critics are continually noted and discussed.

American Icon Bryce G. Hoffman, 2012-03-13 The inside story of the epic turnaround of Ford Motor Company under the leadership of CEO Alan Mulally. At the end of 2008, Ford Motor Company was just months away from running out of cash. With the auto industry careening toward ruin, Congress offered all three Detroit automakers a bailout. General Motors and

Chrysler grabbed the taxpayer lifeline, but Ford decided to save itself. Under the leadership of charismatic CEO Alan Mulally, Ford had already put together a bold plan to unify its divided global operations, transform its lackluster product lineup, and overcome a dysfunctional culture of infighting, backstabbing, and excuses. It was an extraordinary risk, but it was the only way the Ford family—America’s last great industrial dynasty—could hold on to their company. Mulally and his team pulled off one of the greatest comebacks in business history. As the rest of Detroit collapsed, Ford went from the brink of bankruptcy to being the most profitable automaker in the world. *American Icon* is the compelling, behind-the-scenes account of that epic turnaround. In one of the great management narratives of our time, Hoffman puts the reader inside the boardroom as Mulally uses his celebrated Business Plan Review meetings to drive change and force Ford to deal with the painful realities of the American auto industry. Hoffman was granted unprecedented access to Ford’s top executives and top-secret company documents. He spent countless hours with Alan Mulally, Bill Ford, the Ford family, former executives, labor leaders, and company directors. In the bestselling tradition of *Too Big to Fail* and *The Big Short*, *American Icon* is narrative nonfiction at its vivid and colorful best.

14 Bhaskar Chattopadhyay, 2014-01-27 An anthology of short stories that master film-maker Satyajit Ray adapted into films. A rich zamindar has a dream that his daughter-in-law is an incarnation of Kali; a clerk's life turns upside down when he stumbles upon a magical stone which can turn any base metal into gold; a housewife steps out of her lowermiddle-class household into the big city to work as a salesgirl, and is awestruck by its labyrinthine ways; blessed with three magical boons from the king of ghosts, Goopy and Bagha fight the evil plans of the king of Halla and save the kingdom of Shundi; a group of friends run into a self-proclaimed ageless sage who claims to have been friends with Plato, Jesus and Buddha. With short stories from legendary writers like Tagore, Prabhat Kumar Mukhopadhyay, Rajshekhar Basu and Premchand, *Fourteen* is a beautiful collection of tales Satyajit Ray transformed into films, that have endured and become classics we all love and admire.

The Cinema of Satyajit Ray Chidananda Das Gupta, 2001 This is a comprehensive study on Satyajit Ray, a filmmaker of international repute and his films, this book besides providing a critical commentary on each of his films also discusses the many influences on Ray, eastern and western, the literary sources as well as Ray's departures from them.

Satyajit Ray Satyajit Ray,2007 Interviews with India's preeminent film director and creator of the Apu trilogy

My Adventures with Satyajit Ray Suresh Jindal,2017-10-10 For those who know their Indian cinema, *Shatranj Ke Khilari* is film-maker Satyajit Ray's only feature film in Hindi/Urdu and also his most expensive film, employing lavish stage design and stars of both Mumbai and Western cinema. A period piece set in nineteenth-century Lucknow, capital of the state of Oudh, the film revolves around the court of the flamboyant artist-king Wajid Ali Shah against the backdrop of the East India Company's avaricious annexation of Oudh in 1856. Jindal, Ray's young and artistically committed producer of *Shatranj Ke Khilari*, looks back on the gripping story of how Ray came to direct the film despite his unequivocal declaration that he would never write and direct a film that was not in Bengali. Quoting extensively from Ray's fascinating unpublished letters to Jindal, it evokes the driving passion, original historical research and trademark devotion to detail that Ray brought to every aspect of the production.

Moments of Truth Roshan Taneja,2017-05-27 From his childhood in the borderlands of what is now Pakistan, to his position today as the foremost teacher of acting – guru of acting – in India, the saga of Shri Roshan Taneja is not only the story of this remarkable man, but of India herself – vision, grit, struggle, and a never ending search for perfection. From his 13 years of teaching at the Film Institute of India, Pune, to today, the list of Taneja-sahib's students reads like a list of honour – Shatrughan Sinha, Jaya Bhaduri, Naveen Nischal, Rehana Sultan, Danny, Shabana Azmi, Mithun Chakraborti, Naseeruddin Shah, Om Puri – these are only a few of his students from the Film Institute; when he shifted to Bombay, he guided such fine actors as Anil Kapoor, Aamir Khan, Ajay Devgun, Govinda, Tina Munim, and so many others. Roshan Taneja speaks of all of these artistes in rich, personal terms – but he also speaks of his struggle in the Hindi-film industry – including doing an impromptu improvisation with Meena Kumari – and, above all, his sojourn to the USA in the early 50's to pursue his dream of learning acting, a dream he pursues even today.

Securing Development Bernard Harborne, William Dorotinsky, Paul M. Bisca, 2017-03-01 *Securing Development: Public Finance and the Security Sector* highlights the role of public finance in the delivery of security and criminal justice services. This book offers a framework for analyzing public financial management, financial transparency, and oversight, as well as expenditure policy issues that determine how to most appropriately manage security and justice services. The interplay among security, justice, and public finance is still a relatively unexplored area of development. Such a perspective can help security actors provide more professional, effective, and efficient security and justice services for citizens, while also strengthening systems for accountability. The book is the result of a project undertaken jointly by staff from the World Bank and the United Nations, integrating the disciplines where each institution holds a comparative advantage and a core mandate. The primary audience includes government officials bearing both security and financial responsibilities, staff of

international organizations working on public expenditure management and security sector issues, academics, and development practitioners working in an advisory capacity.

Arbitration in India Dushyant Dave, Martin Hunter, Fali Nariman, Marike Paulsson, 2021-02-24 India has a long-standing tradition of dispute resolution through arbitration, with arbitral-type regulations going back to the eighteenth century. Today, amendments to the 1996 Indian Arbitration Act, a steady evolution of case law and new arbitral institutions position India's vibrant system once more at the forefront of international commercial dispute resolution. In this handbook, over forty members of the international arbitration community in India and beyond offer authoritative perspectives and insights into topics on arbitration that matter in India. International arbitration practitioners, Indian practitioners, and scholars have combined efforts to produce a practical and informative guide on the subject. Among numerous notable features, the contributors provide detailed analysis and description of such aspects of arbitration as the following, with a focus on the Indian context: Indian application of the 1958 New York Convention; law governing the merits of the dispute and awards; investor-state dispute settlement; drafting arbitration clauses for India-centric agreements; managing costs and time; rise of virtual arbitration and technology; effect of public policy in light of extensive Indian jurisprudence; and arbitration of claims relating to environmental damage. Practical features include checklists for drafting arbitration clauses and a comparative chart of major commercial arbitration rules applicable to India. Also included is a comparative analysis of arbitral regimes in India, Singapore and England; chapters on the India Model Bilateral Investment Treaty and ISDS reforms; a special section on the enforcement of foreign awards; a section on the drafting of the award guided by leading arbitrators and stakeholders and a review of the new 2021 ICC Rules. For foreign counsel and arbitrators with arbitrations in India, this complete and up-to-date analysis provides guidelines for practitioners, corporate counsel, and judges on considerations to be borne in mind with respect to arbitration with an Indian nexus and whilst seeking enforcement and execution of an arbitral award in India. It will prove an effective tool for students and others in understanding and navigating the particularities and peculiarities of India's system of domestic and international commercial arbitration.
